

URBAN LAST-MILE INFRASTRUCTURE BY FOURMATIV

9,850 sq. ft. of Ground and First Floor Urban Fulfilment within 2.3 km of various multi story residential complexes.

Strategically positioned in Malad West, this **FOURUN hub** is designed to serve high-frequency urban distribution needs. Located just 12 feet from the main road and surrounded by established multi-storey residential developments, the site offers immediate proximity to end consumers. This enables faster dispatch cycles and reduced last-mile costs in one of Mumbai’s most supply-constrained urban pockets.
